# Diabolic 6.0

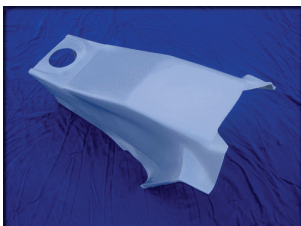

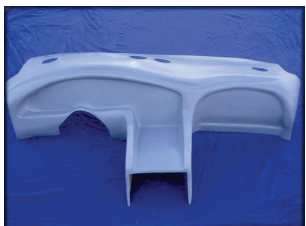

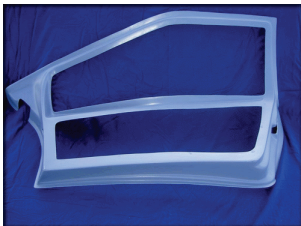

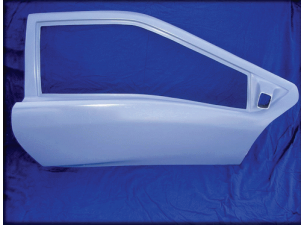

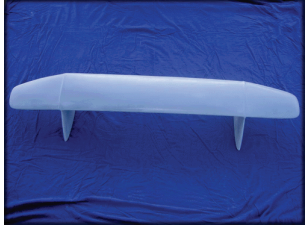

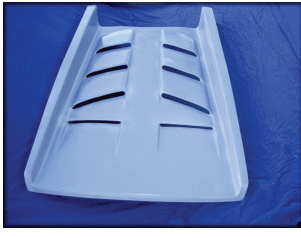

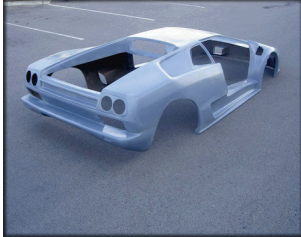

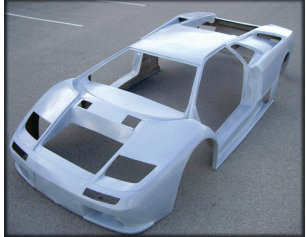

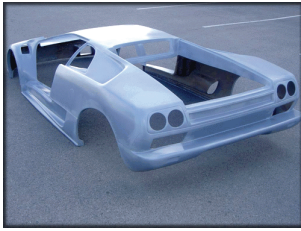

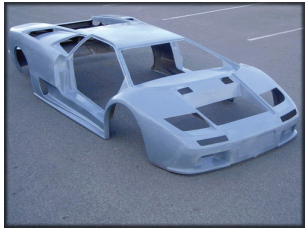

The Diabolic 6.0 a high-quality replica of the Lamborghini Diabolo VT 6.0 for the builder who wants the pleasure of owning an exotic sports car for a fraction of the price. It can be mounted on a custom tubular chassis or Pontiac Fiero chassis that has been modified and stretched 10.5".

Openings for the front lights, front turn signals, front air vents, hood hinges, rear air box, rear cooling grill mounts, deck lid vents, and tail light openings have been cut away while it is being made. Having this done at the time of production saves you time when your kit arrives.

## Why you should purchase a Diabolic 6.0 VT

- ◆ One piece body with integrated front and rear bumpers provides fewer parts to align.
- ◆ Body made predominately of hand laid fiberglass for superior strength.
- ◆ One piece rear deck lid provides easier alignment and access to engine compartment.
- ◆ Diablo 6.0 style dash and interior.
- ◆ Readily available parts and accessories.
- ◆ Design to use any Pontiac Fiero donor or the American Supercar custom chassis.

- ◆ Competitive pricing. We offer one of the least expensive Diablo 6.0 body replica kits.
- ◆ Dedicated to builder success. Our goal is to get your dreams up and running.

## What type of parts do I need to finish

- ◆ Honda Accord windshield (re-cut).
- ◆ 1986-93 Hyundai Excel Mirrors or replicas
- ◆ 1973-80 Mercedes door locks
- ◆ 1984-90 Corvette C4 taillights
- ◆ 1990-96 Nissan 300ZX headlights
- ◆ Lamborghini style vertical door hinges
- ◆ 1982-92 Camaro hood hinge for rear deck
- ◆ 1991-99 VW Jetta trunk hinge for hood
- ◆ Square stock steel tubing
- ◆ Custom rims of your choice
